I've seen the best of times
I've seen the worst of times
'Been around and I've taken my chances
(But) I could never be tied down
Too many questions--not enough answers

Then I laid eyes on you
I knew right there and then
This would be more than a passing encounter
My fate is bound to yours
I've found a cause right here

And if this is the last place God made
And yours is the last face I see
Just feeling close to you
That's good enough for me

We've seen the best of times
We've seen the worst of times
Been through hell and high water together
Diamond bright and tear stained mem'ries
These are the times I'll remember forever

If you believe in me--like I believe in you
Without a care for the why or the wherefore
I will be there for you
And you'll be there for me

And If this is the last place God made
And yours is the last face I see
Just feeling close to you
It's good enough for me

If this is the last place God made
You know it's the only place I want to be
Just feeling close to you
That's good enough for me

If this is the last place God made
You know it's the only place I want to be
Just feeling close to you

It's good enough for me
