You really took me by surprise
You're someone, I've needed for a lifetime
Your heart was cleverly disguised
And it didn't look that way in my mind

Tell me, how could it be
I was the last to know
Darling, I couldn't read
What was in your mind to turn around and love me

With no explanation, I gave you everything I had
I didn't know that you would take it
With sweet consideration and after all that we've been
through
I can't believe it's true until I hear you say

My mouth is still wet from our last kiss
Was loving me your one intention
What were the signs of the times, I missed
I need you more than I could mention

I won't, ever accept
You leaving for someone else
Baby, and when something is wrong
Darling, I need to know, don't ever leave me

With no explanation, I gave you everything I had
I didn't know that you would take it
With sweet consideration and after all that we've been
through
I can't believe it's true until I hear you say

With no explanation, I gave you everything I had
I didn't know that you would take it
With sweet consideration and after all that we've been
through
I can't believe it's true until I hear you say

With no explanation, I gave you everything I had
I didn't know that you would take it
With sweet consideration
