I've seen the best of times, I've seen the worst of times
I've been around and I've taken my chances
But I could never be tied down
Too many questions, not enough answers

I laid eyes on you, I knew right there and then
This would be more than a passing encounter
My fate is bound to yours
I've found a cause right here

And if this is the last place God made
And yours is the last face I see
Just feeling close to you
That's good enough for me

We've seen the best of times, we've seen the worst of
times
Been through hell and high water together
Diamond bright and tear stained memories
These are the times I will remember forever

If you believe in me like I believe in you
Without a care for the why or the wherefore
I will be there for you
And you'll be there for me

And if this is the last place God made
And yours is the last face I see
Just feeling close to you
That's good enough for me

If this is the last place God made
You know it's the only place I want to be
Just feeling close to you
Yeah, that's good enough, that's good enough, good
enough

If this is the last place God made
And yours is the last face I see
Just feeling close to you
Yeah that's good enough for me

This is the last place God made
You know it's the only place I want to be
Just feeling close to you
That's good enough for me
This is the last
