Wanna know how it feels inside of you
See the colors of love just like I do
I will do anything you want me to
Cause you are a painter of my soul

I just stare from my window
Wondering how life could be
If you and I were stranger
I was... empty soul
Feel the rain on my skin now
Can't believe I took over
What else could love you
What else could be so true

Chorus

Wanna know how it feels inside of you
See the colors of love just like I do
I will do anything you want me to
Cause you are a painter of my soul
Wanna know how it feels inside of you
See the colors of love just like I do
I will do anything you want me to
Cause you are a painter of my soul

Now it's time to move forward
Need to let some past behind
If we could just start over
And try to make it by...
Take this song past...
Cause I... from my past
Need to be together
We can make it last

Chorus

Wanna know how it feels inside of you
See the colors of love just like I do
I will do anything you want me to
Cause you are a painter of my soul
Wanna know how it feels inside of you
See the colors of love just like I do
I will do anything you want me to

Cause you are a painter of my soul
Painter of my soul
Painter of my soul
