There's so much on my mind  
And there's so much more I gotta do  
Well, I'm working through the night  
But I just can't stop watching you

I gotta keep looking out through the window  
Trying to read your mind  
I'm looking at you lying down on your pillow  
Wishing I was by your side

I'm trying so hard  
But I can't keep my mind on anything I do  
'Cause I'm always watching you  
I'm always watching you

Well, I watch you close your eyes  
And I watch you sleeping by the phone  
So beautiful, so fine  
I can't imagine why you're all alone

So I gotta keep looking out through the window  
Trying to read your mind  
I'm looking at you lying down on your pillow  
Wishing I was by your side

I'm trying so hard  
But I can't keep my mind on anything I do  
'Cause I'm always watching you  
I'm always watching you

And without you ever knowing  
I'm going out of my mind  
When you leave me everyday, yeah

'Cause I wonder where you are going  
And I spend all day just waiting for you  
But I know I'm gonna be alright  
'Cause I'll be watching you tonight

Well, I'm trying to gain control  
And stop myself from doing wrong  
'Cause I can't just risk it all, oh no

I've been tied down way too long

So I gotta keep looking out through the window  
Trying to read your mind  
I'm looking at you lying down on your pillow  
Wishing I was by your side

I'm trying so hard  
But I can't keep my mind on anything I do  
'Cause I'm always watching you  
I'm always watching you  
I'm always watching you  
'Cause I'm always watching you
