There's so much on my mind
And there's so much more I gotta do
Well, I'm working through the night
But I just can't stop watching you

I gotta keep looking out through the window
Trying to read your mind
I'm looking at you lying down on your pillow
Wishing I was by your side

I'm trying so hard
But I can't keep my mind on anything I do
'Cause I'm always watching you
I'm always watching you

Well, I watch you close your eyes
And I watch you sleeping by the phone
So beautiful, so fine
I can't imagine why you're all alone

So I gotta keep looking out through the window
Trying to read your mind
I'm looking at you lying down on your pillow
Wishing I was by your side

I'm trying so hard
But I can't keep my mind on anything I do
'Cause I'm always watching you
I'm always watching you

And without you ever knowing
I'm going out of my mind
When you leave me everyday, yeah

'Cause I wonder where you are going
And I spend all day just waiting for you
But I know I'm gonna be alright
'Cause I'll be watching you tonight

Well, I'm trying to gain control
And stop myself from doing wrong
'Cause I can't just risk it all, oh no

I've been tied down way too long

So I gotta keep looking out through the window
Trying to read your mind
I'm looking at you lying down on your pillow
Wishing I was by your side

I'm trying so hard
But I can't keep my mind on anything I do
'Cause I'm always watching you
I'm always watching you
I'm always watching you
'Cause I'm always watching you
