Look up, the sky is crying  
Endless tears  
Feels like my whole world's dying  
It hurts when you're not here  
'Cause you matter to me and that's why  
You still matter to me  
And that's the only reason I need, to get by  
You still matter to me, yes you do

I ain't no good at talkin'  
So girl I'm tellin' you straight  
My heart feels just like an orphan  
I hope I'm not too late

'Cause you matter to me and that's why (and that's why)  
You still matter to me  
And that's the only reason I need, to get by  
You still matter to me, yes you do

If I could have just one wish  
I'd stand you in my place  
Then you'd know how much I miss you  
You'll never be replaced

'Cause you matter to me and that's why (and that's why)  
You still matter to me  
And that's the only reason I need, to get by  
You still matter to me, yes you do

You still matter to me  
And that's the only reason I need, to get by  
You still matter to me, yes you do

'Cause you matter to me, yes you do  
And that's the only reason I need, to get by (get by)  
'Cause you matter to me, ain't no lie  
And that's the only reason I need, to get by (get by)  
'Cause you matter to me, yes you do  
And that's the only reason I need, ain't no lie
