You really think, you can get into my life and
disappear?
And honestly, do you think what you told me was clear?
One day you'll see what you miss when it comes to see
it.
You'll get what you deserve when you'll piss off another
girl's nerves.

As if you were allowed to do this?
As if missing someone so bad was something we have
to deal with?

It can't be true to tell you that I am fine
And I can't smile enough without you by my side
& I'm probably, probably, totally, totally blinded
By all of your twisted games.

You really think, that it's gonna be easy to erase?
All memories, that are haunting me every day?
Even if the few months you stayed, seemed to be just a
second
You'll please me to take you back but I promise I won't
act.

You were everything and I do RE-MEM-BER
And now I'm all alone and I just feel really insecure.

It can't be true to tell you that I am fine
And I can't smile enough without you by my side
& I'm probably, probably, totally, totally blinded
By all of your twisted games

It can't be true to tell you that I am fine
And I can't smile enough without you by my side
& I'm probably, totally blinded
By all of your twisted games

By all of your twisted games

And I'm feeling like it was just a shame
