[Verse]

The fever's running wild  
It's 102 in the shade  
People running round  
Thinkin' that they've got it made

[Chorus]

But where will they run  
From here  
Maybe they'll all  
Disappear

[Verse]

Never been here before  
The feeling's so different to me  
People look so strange  
All those faces without a name

[Chorus]

Baby, I could run and hide  
Maybe I'm afraid to try  
Where will I run  
From here

Here I am standing alone  
I don't know where I'm going

Where will I run  
From here  
Maybe I'll just  
Disappear

Oh, baby (Aw)

[Solo]

Maybe I could run and hide  
Maybe I'm afraid to try

Where will I run

From here

Here I am standing alone  
And I don't know where to go  
But where will I run  
From here  
Maybe I'll just  
Disappear

Yeah, yeah, yeah, yeah  
Ooo, baby

Where will I run  
From here

I'm just lookin'

I mean like we're moving 100 miles... a hour  
Down the street...
