Whatcha' tryin' a do to my heart?
Whatcha' tryin' a do to my heart?
You go around tellin' with other guys
And now you want to compromise
Whatcha' tryin' a do to my heart?
You Better Run! You Better Hide!
You better leave from my sight! Yeah

Whatcha' tryin' a do to my soul?
Whatcha' tryin' a do to my soul?
Well everything I had was yours
And now I'm closin' all the doors
Whatcha' tryin' a do to my soul?

You Better Run! You Better Hide!
You better leave from my sight! Yeah

I love you oh, I love you so
Can't you see it? Don't you know?
I can't stand your alibis
Your tellin' lies, you drive me wild! Yeah

I said, what are ya tryin' a do to my head?
Said, whatcha' tryin' a do to my head?
Well now I've gotta draw the line
Cause you ain't gonna take my mind!
What are ya tryin' a do to my head?

You Better Run! You Better Hide!
You better leave from my sight!
You Better Run! You Better Hide!
You better leave from my sight!
Let me go! Yeah

I said go away, and leave me alone!
I can't stand you no more!
