I'm sick of going back
Based on the lonely nights I
Spent with myself and my mind
Lately I just go to bed

Now I'm back
With my pills and my slack
Talking with my sight
I can go on like this for days

[Chorus:]
I will wear your skin
And I will wear you thin
And I will take everything

So here we are now
Faced with the blood of a crowd
Big Guy and Wonder Boy
I'm trapped in the spider's web

[Chorus] x 2

I'm sick of going back
It's time
I'm sick of going back.
