Verse:

We saw the Phoenix rising  
Out of the ashes of time  
Flying over broken memories  
Watching the world with golden eyes  
Verse: Walking through wasted landscapes  
Turning the sands into gold  
We are the newborn children  
Raised in the ruins, we awake

Bridge:

Kingdoms fall, heroes rise  
Sunset and dawn

Chorus:

One and all, we build a new tomorrow  
For the children of a reborn world  
One and all, we stand together  
We've learned the lessons from the past and will  
succeed

Verse: Fragile the world we live in  
Uncertain process of life  
Hope is the motivation  
To carry on living the dream

Bridge:

Kingdoms fall, heroes rise...

Chorus:

One and all, we build a new tomorrow...
