Your skin your breath and I touch you with your
thousand
Memories
And I feel your song smoothly into my ears can't take
my
Eyes away from you

I'm speechless I gotta get to you and take your hands
and
Kiss
I'm so sad and blind I feel no goal and where is my soul
And sense
I'm speechless I gotta get to you and take your hands
and
Say
I'm so lost but feel I make no sense and still cannot do
Anything

You live without me and then my pain deep into my
body
And soul
And I cry so loud to send my mind away please wake
up and
Then take my hand

I'm speechless I gotta get to you and take your hands
and
Kiss
I'm so sad and blind I feel no goal and where is my soul
And sense
I'm speechless I gotta get to you and take your hands
and
Say
I'm so lost but feel I make no sense and still cannot do
Anything
