Well I've seen your face a hundred times But I've never
been this close
I've got stories and dreams of our first meeting
But it's the truth that scares me the most

Well you seem kinda shy but you've got a great smile
And I know your eyes are blue
But now you're making your way toward me And I don't
know what to do

So now I find myself running away But there's a little
voice inside me saying

Go Back, 'cause your beating heart tells you to, Go
Back, 'cause the mystery is killing you,
Go Back, maybe you won't have to be alone tonight,
tonight, Go Back, cause your body's aching for the
dance, Go Back, cause you might not get a second
chance
Go Back, there's a difference between being proud
and right, alright, hey hey

I've always painted by number And stayed inside the
lines
I keep both hands on the wheel, And I'm always right on
time,
But I've been watching you watching me And I wonder
what you see
Is your fictional version of me Someone I can be.

So now I think to myself as I'm running away
What's the worst that can happen if I jump in the game?

Go Back, 'cause your beating heart tells you to, Go
Back, 'cause the mystery is killing you,
Go Back, maybe you won't have to be alone tonight,
tonight, Go Back, cause your body's aching for the
dance, Go Back, cause you might not get a second
chance
Go Back, there's a difference between being proud
and right, alright, hey hey
