And your heart is a stained and secret face
And your heart was touched and melts away

Slow down, slow down
It's not the promises you keep but the sidewalks where
you sleep
So wake up, wake up
Jet plane dreaming, street rat screaming

Living like the movies
She was glitter today
I don't see her that way
Living like the movies
Well I can only pretend
The beginning's the end

And your tears dissolve the hurt within
And your heart is a shallow covered sin

Slow down, slow down
It's not the promises you keep but the sidewalks where
you sleep
So wake up, Wake up
Jet plane dreaming, street rat screaming

Living like the movies
She was glitter today
I don't see her that way
Living like the movies
Well I can only pretend
The beginning's the end (and the end, and the end,
and the end...)

All the trashy starlets falling from the sky
I open up my arms catch one, two, three floating by

Living like the movies
She was glitter today
I don't see her that way
Living like the movies
Well I can only pretend

The beginning's the end (and the end, and the end,
and the end...)
Living like the movies
(and the end, and the end, and the end...)
Living like the movies
