I want to live until I want to die  
Struck by the note I had to leave behind  
So don't save me  
Let me sleep

Cut your self one thousand times  
The picture fades away

Wake up someday  
Sleep late sunday  
Make up my way  
Kiss me  
What have I done

I can't help but get to you this time  
For me to find you this time  
What have I done

I have to live but when I want to die  
Words for the lost when they're left behind  
So don't save me  
Let me sleep

Everything means something  
Don't you miss your misery

Wake up someday  
Sleep late sunday  
Make up my way  
Kiss me  
Wake up someday  
Sleep late sunday  
Make up my way  
Kiss me  
What have I done

Darkness far away this could be real

Wake up someday I'll sleep late Sunday

Wake up someday  
Sleep late sunday

Make up my way  
Kiss me  
Wake up someday  
Sleep late sunday  
Make up my way  
Kiss me

I can't help but get to you this time  
For me to find you this time

What have I done?
