My my my my my my my my my my  
My angel lover  
My my my my my my my my my my  
My angel lover  
My my my my my my my my my my  
My angel lover

My angel lover  
I spent by all the scars, but  
There could be no other.  
I hope, you're in my heart  
And dreams come true today  
You make me feel that way  
My love

My angel baby  
I'll 'lmost anythin' to  
Keep you for my lady  
I hope, you're in my heart  
And trouble's now to wait  
Say that you'll destine  
My love

I can't imagine love with any-  
One but you  
I can't believe that I could ever  
Be untrue  
I'm starting to find up that you're my  
Destiny  
I need you, can't you see?

Oh, my angel lover  
I spent by all the scars, but  
There could be no other  
I've loved you in my heart  
And...  
You make me feel that way  
My love.
