The hustle's in my heart
The hustle's in my nature
There's hustle in my roots
There's customers on my radar
I ain't referring to any sort of misdemeanor
But I guess we're all heading to a place where the
grass is greener
There's fire in my belly
I'm fired up I'm ready
To carry out any mission that's not of the ordinary
Do what's most necessary
There's not many that can compare me
Unless you compare me to those who are legendary
I'm built like a machine
Addicted to the caffeine
The drive and the mentality of a royal marine
Take a good look at my face
I ain't taking no break
The only spot I got my eyes set on is first place

You say you want this and yea you want that
You see I got this and I gotta have that
Mumma told me a little known fact
You've gotta work overtime overtime
Yea you want this and yea you want that
You see I got this and I gotta have that
Mumma told me a little known fact
You've gotta work overtime overtime

Nobody works no harder than me
Nobody works no harder than we
Nobody works no harder than me
Nobody works no harder than we

See there's a big difference between me and you
Not only do I have the balls to do it
I was born to do it
One step ahead of your own thoughts before you knew
it
So familiar to the smell of the sewage, let me walk you
through it

Grinding to the hours of the graveyard shift
There ain't no stopping me till I hit the target
One of the best selling artists in the market
A small minority right now are probably laughing
I ain't laughing or bluffing
I do them like a beast on these beats man I'm starving
It's appropriate to show you my hustle in case you
didn't noticed it
I ain't stopping till you see CMTF take over sh*t

You say you want this and yea you want that
You see I got this and I gotta have that
Mumma told me a little known fact
You've gotta work overtime overtime
Yea you want this and yea you want that
You see I got this and I gotta have that
Mumma told me a little known fact
You've gotta work overtime overtime

[Ghetts]
I'm doing overtime so keep the work comin'
I refuse to socialise with those that earn nothin'
Listen and keep an open mind, you can learn somethin'
You're relying on the wife, you go inside her purse
bummin'
Me? I'm out the door before you hear the birds
hummin'
I'm on the curbs running like I'm tryna keep fit
Now I'm on the curb duzzin' what'll make a G rich
(What's that?)
Servin' and pluggin' a fiend's fix (yeah)
Working with my cousin Teen Smith
Burners in his cupboard, 3 clips
Swervin' in another jeep with
With a woman that will turn into another freak b*tch
Papers in my pockets, I'm a saver
But man will go insane with a chop for the sake of it
Sittin' in the office with Michaela, plottin'
Robbin' and shockin' is in my nature

You say you want this and ye you want that
You see I got this and I gotta have that
Mumma told me a little known fact
You've gotta work overtime overtime
Yea you want this and yea you want that
You see I got this and I gotta have that
Mumma told me a little known fact
You've gotta work overtime overtime

Nobody works no harder than me
Nobody works no harder than we

Nobody works no harder than me
Nobody works no harder than we
