"Birthday Party"

There are few people at Jane's birthday party
The atmosphere is strained, lost and odd
Wine, beer and many sweeties are on the table
But Jane doesn't care, she doesn't give a damn

Where is Steve? He didn't come!
He didn't like birthday parties
Everybody laughs and jokes
But Jane smiles so absent
Her thoughts are vacant
She's far away, she's back in time
I try to joke with her, she says I'm like a child
I see you are waiting for the end of this party
What is happening, Jane?
What's the matter with you?
Maybe you don't like birthday parties too

Jane, you don't know
How much I wish you could feel
How close to you
I am right now
