Throw away your glasses, need to see your eyes  
Don't tell my "no time", don't tell me no lies  
I know you did talk before, about friendship and past  
It's not the place!

Don't swear it will last  
First thing I remember, the last I will forget  
Don't put your mind in things you will hate

Let your heart speak  
Things you trust in can't be cheap  
As the play with me

Don't forget the heat of the sunlight  
The smell of fresh grass  
Don't let a hole in your life obscure your soul  
Don't forget the moonshine on the heights  
The sound of country bells  
Don't let the hole in your life obscure your soul

Your breath is mine and mine is yours  
The dreams you live for, as kind colours, are played by  
it  
You try to reach the top of the hill: there's more to  
teach!

Your breath is mine and mine is yours  
The dreams you live for, as kind colours, are played by  
it  
You try to reach the top of the hill: there's more to  
teach!

Your breath is mine and mine is yours  
The dreams you live for, as kind colours, are played by  
it  
You try to reach the top of the hill: there's more to  
teach!

Solo

Don't forget the heat of the sunlight

Don't let all in your life obscure your soul  
Don't forget the moonshine on the heights  
Don't let all obscure your soul

Let your heart speak  
Things you trust in  
Can't be cheap  
As the play with me!

Day after day, grain after grain  
the sand slips through your fingers,  
while you uselessly try to stop it.  
Meanwhile you don't realize  
that behind your back still shines the sun!
