Living inside myself I
Didn't need no one else
I was alright yeah
Alright yeah

Every night was lonely
Nobody ever told me
Look inside
Look inside

I was blind and I couldn't see
What was that in front of me

You could tell that I lived in a shadow
Locked away in my darkness and pain
And my heart was shut down and in prison
You were sent here to free it again

And the moment I almost went under
You came through 'cause I almost said goodbye

Shattered and broke down I
I was hopin' to turn it 'round
But there's no way
There's no way

Tried to find a reason
When there's nothing to believe in
Anyway
Anyway

I was blind and I couldn't see
What was right in front of me

You could tell that I lived in a shadow
Locked away in my darkness and pain
And my heart was shut down and in prison
You were sent here to free it again

And the moment I almost went under
You came through 'cause I almost said goodbye

I been contemplating
Been so down
I wanna die
Almost said goodbye

[Incomprehensible]

And in the end I hope I
Find a friend who's
Just like you
Just like you

Happiness surrounds you
Now that I finally found
Me too
Me and you

I was blind and I couldn't see
What was right in front of me

You could tell that I lived in a shadow
Locked away in my darkness and pain
And my heart was shut down and in prison
You were sent here to free it again

You could tell that I lived in a shadow
Locked away in my darkness and pain
And my heart was shut down and in prison
You were sent here to free it again

And the moment I almost went under
I almost said goodbye
