Whooh!

Do what everybody, says is wrong
I don't believe nobody takes too long
Changing your mind, well now, let me up
I don't believe that kind would drink my cup

Yeah, yeah

Take away what you can make today
Hey yo, turn around
Put your hand in the lottery
What you found?

Take the place, you got another taste
Make it through
Carry on, won't do you no wrong
Something new

Icicles of blue serene
Inside my eyes
I came in the same way, too, yeah

Head in the sky, well now
Let me breath
Come on don't make me cry
But I gotta leave

Take all you can, don't let it show
Walk away, you gotta pay
For all you know

Hang on to me
If you really want to be free
You don't really need to be
Anything that you don't want to be

Setting suns and thinking loud
I'm Speaking of you
I came in the same way too

Head in the sky yeah
Let me breath

Don't want to make you cry
But I gotta leave

Take all you can
Don't let it show
Walk away but you gotta pay
For all you know

Yeah, yeah

Do what everybody, says it wrong
I don't believe nobody, takes too long
Changing your mind, well now, let me up
I don't believe that kind would drink my cup
