I don't wanna live my life in chains
Feel these voices roaming in my brain
All they do is dig a deeper hole
Deep enough to hold my tortured soul

Here come the demons as far as I can see
Runnin' and screamin', chasing after me
Maybe I'm dreaming but I know I wont be free 'til
Rider and horse drown in the sea
Rider and horse drown in the sea

There ain't nothing for me down these tracks
But an ugly monkey on my back
I need an angel like I need a face
Somethings a hit me like a ton of bricks

Here come the demons as far as I can see
Runnin' and screamin', chasing after me
Maybe I'm dreaming but I know I wont be free 'til
Rider and horse drown in the sea
Rider and horse drown in the sea

Here come the demons as far as I can see
Runnin' and screamin', chasing after me
Maybe I'm dreaming but I know I wont be free 'til
Rider and horse drown in the sea
Rider and horse drown in the sea
Rider and horse drown in the sea
Rider and horse drown in the sea
