Step this way, for a better day, it's quiet insane  
Knowin' glad I came in from the cold  
One track mind, I can't leave behind  
I don't feel tired 'cause I'm really wild

I'm keeping my eyes on you you, baby  
Sticking to me like glue  
I got my eyes on you, yeah  
While you do what you have to do

Sudden moon, can't you play my tune?  
I walked right in to another room, they let me in  
I believe I got you up my sleeve  
Nothings wrong, you're just another weave

I'm keeping my eyes on you you, baby  
Sticking to me like glue  
'Cause I got my eyes on you, baby  
Do what you have to do

You must only understand the part of me you see  
We can start again, baby, I can let you be  
Don't want you leavin' before we have a chance  
I don't wanna set you free

Well, I'll catch a plane or better take a train  
Don't give up when you brake the cup  
Let you be above the sea without a phone  
Got to live I'm on my own

I'm keeping my eyes on you you, baby  
Sticking to me like glue  
I got my eyes on you, yeah  
Do what you have to do

Yeah, I'm keeping my eyes on you you, baby  
Sticking to me like glue, yeah, yeah  
I got my eyes on you, baby  
Do what you have to do, yeah, yeah

Keeping my eyes on you you, baby  
Sticking to me like glue, yeah, yeah

I got my eyes on you, baby  
Do what you have to do  
Keeping my eyes on you you, baby  
Sticking to me like glue, yeah  
I got my eyes on you
