I'll tell you something  
about an hour ago  
I see you with someone  
I don't even know

I caught you lying  
Yeah you were lying  
Ooh lying

I get the feeling from  
the look on your face  
When it comes down  
you're a disgrace

You should be trying  
You're always lying  
I caught you lying

All day and  
all of the night  
I've been wondering why  
All of the times  
you stayed away  
Everyone knew but I

Take your reasons  
through the door  
Don't come calling anymore  
I can't fight you  
I can't win  
I don't know what  
game you're in

You don't even notice  
you don't even care  
I see you with someone  
I don't think that's fair

When I'm walking through  
streets at night  
Don't know their names

I come back to find you  
playing one of your games

Lying  
Yeah you were lying  
I caught you lying

But baby all day  
and all of the night  
I've been wondering why  
All of the reasons  
you gave your word  
I know the reason why

Take your reasons  
through the door  
Don't come calling anymore  
I can't fight you  
I can't win  
I don't know what  
game you're in

(instrumental)

Lying  
Lying

But baby all day  
and all of the night  
I've been wondering why  
All of the things  
you told to me  
I know they were a lie

Take your reasons  
through the door  
Don't come calling anymore  
I can't fight you  
I can't win  
I don't know what  
game you're in
