I knew I was in trouble when
I saw you for the first time
Cause you're a little bit different
you're driving me wild
I'm gonna make you love me
even if it takes a lifetime

Let me in and I'll
show you the power
You gotta let me in
and I'll show you the way
The way that it could be
Can't you see?

(chorus)
I believe there are
more ways than one
Any door can be opened
I believe there are
more ways than one
And time holds the key
till you belong to me

You say you want a man
that's got a reputation
Yeah a real cool dresser
who'll take it in style
Well if you want a love that's
real and not a cheap imitation

Let me in and I'll
show you the power
You gotta let me in
and I'll show you the way

The way that it could be
Can't you see?

(chorus)

Now I can only stand so much
Why can I look but never touch?

You know I'm only flesh and bone

Yeah Yeah

Don't wait too long to come around
I might be nowhere to be found
and you'll be standing all alone

(instrumental)

I believe there are
more ways than one
Any door can be opened
(let me in)
I believe there are
more ways than one
(more ways than one)
And time holds the key

I believe (I believe)
there are more ways than one
(there are more ways than one)
Any door can be opened
(let me in)
I believe (I believe)
there are more ways than one
(there are more ways than one)
And time holds the key
till you belong to me
