I've been feelin'  
Like I've seen this flick before  
I've been screamin'  
I can't stand to see no more

It's hard to breathe  
My mouth is dry  
Talk to me  
And tell me why

Yes, I know that you can blow me to the sky  
I don't conceive of what you do  
Listen to the silence  
Hear the children cry for you  
They cry for you

I'm a dreamer  
Won't do me no good today  
You can't stop me  
Feeling love's the only way

It's hard to breathe  
Talk to me  
Tell me why

I know that you can't blow me from the sky  
I can't conceive, what you do  
Listen to the silence  
Hear the children cry for you  
For you, for you

Got no voice, I can't speak  
I haven't slept in a week  
I wanna catch my breath and count to ten  
Before I start, you know I'm gonna shout again  
Shout again, shout again  
Oh yeah

Now, talk to me  
Tell me why

I know that you can't blow me through the sky

Can't conceive, what you do  
Listen to the silence  
Hear the children cry for you  
Cry out for you, well  
Listen to the silence  
Hear the children cry out for you
