I've been checking over my shoulder
Something's following me
The back of my neck is feeling much colder
It's there but I just can't see
One day I'll meet it and that'll be that
I know I'm going to beat it, it's a natural fact

The bigger they come, the harder they fall
The bigger they come, the harder they fall
I say the bigger they come, the harder they fall
The bigger they come

I've been ducking down some deep dark alleyways
I've done some divin' around
I'm blindly feeling my way through the city
I got my ear to the ground
I've got to shake it, this feeling so bad
It could be the best time that I've ever had 'cause

The bigger they come, the harder they fall
I say the bigger they come, the harder they fall
The bigger they come, the harder they fall
The bigger they come

Ooh yeah

The bigger they come, the harder they fall
The bigger they come, the harder they fall

Here comes a merchant, he wants money in his hand
I know that he won't listen, he just don't understand
They creep out after midnight, they sliding all around
They working on the night shift, going all over the town

Bigger they come, the harder they fall
The bigger they come, the harder they fall
The bigger they come, the harder they fall
I say the bigger they comin', the harder they fall

The bigger, bigger, bigger
The harder, harder, harder
They get bigger, bigger, bigger

The harder, harder, harder
The big, big, big, hard, hard, hard
