How do you feel?

Feel good

How do you think I feel?

Bloody fantastic

Oh, listen hard for a year

There was a time

They were just feet

They made me come alive

You got the chance of a lifetime

At the mall

I played awhile

Yeah, don't be sad

Lay low, lay low

They got me up to play

Then I dropped my guitar

Yeah yeah

Played it wrong 48 hours

Walking pool table

Bathroom to bathroom almost missed the gate, yes I

did

And never seem to make it

Won't you be my friend?

Don't you understand?

Won't you be my friend?

Don't you see what you have done?

Won't you be my friend?

Don't you understand by now?

Won't you be my friend?

Don't you see what you have done?

Sit alone in the front room

Steel in my hand

Play along for days and nights

Never saw home

We can be such friends

Don't you see by now?
We can be such friends
Don't you see what you have done?

We can be such friends
Don't you see by now?
We can be such friends
Don't you see what you have done
Night after night?

Yeah, be my friend
Won't you be
Oh oh, yeah
Pass it on

If you got the chance, got the chance
What you got, got the chance, got the chance

Listen hard for a year or was it five
They were just feet, they make me come alive
Hit the coast to give you understand
Spent the night feeling grand

We can be such friends
Don't you understand by now?
We can be such friends
Don't you see by now?

We can be such friends
Don't you understand?
We can be such friends
Don't you know what you have done?
Oh yeah

Won't you be my friend?
(Won't you be my friend?)
Don't you understand?
Won't you be my friend?
(Wanna be my friend?)
Don't you see what you have done?

Won't you be my friend?
(Won't you be my friend?)
Don't you understand?
Won't you be my friend?
(Gotta be my friend)
Don't you see what you have done?

Now I see one friend
(Wanna be your friend)
Don't you realize?

Now I feel we're friends
(Wanna be your friend)
Don't you see what you have done?

Now I feel we're friends
(Wanna be your friend)
Don't you understand?
'Cause we could be such friends
(Gotta be your friend)
Don't you see the way I feel?
I can play, I can play all night

Play all night
Play all night
