Don't need road maps to tell me where to go  
Don't need postcards from people I should know  
Don't need lawyers to plead insanity  
Take 'em all away, they don't mean a thing to me

Cause I don't need nothing, I don't need anyone  
But you can find me at the river, where the still waters  
run

Don't need memories of lovers I have lost  
Don't want pleasure, cause I can't afford the cost  
Don't want lessons that I got no chance to learn  
Take me to the river, I got a bridge I gotta burn

Cause I don't need nothing, I don't need anyone  
But you can find me at the river, where the still waters  
run

Don't ask questions that I got no right to know  
Don't ask favours from people I still owe  
Don't ask why it's got to be this way  
Cause in this great big ocean, I'm the original castway

Cause I don't need nothing, I don't need anyone  
Not anywhere anyway anyhow  
But you can find me at the river, where the still waters  
run  
Where the still waters run
