Hot Young Face
Oh yeah she's my lover
She's got style and grace you'll never
Define, uh huh
Time and space will never
Recover
I can't leave this place without
You in mind
And so I say

CHORUS
Start leading, start leading, start
Leading me on now, today
Start leading, start leading, start
Leading me on now

So you say that I'm a contender
You know that I can leave this place
While you're occupied
And don't be shy

CHORUS
Start leading, start leading, start
Leading me on now, today
Start leading, start leading, start
Leading me on now

Fate, it couldn't be the
Same way
And don't you make all
Same mistakes I made
I know you feel the same way
We're looking forward to one
More bright and sunny day

And so I say...

CHORUS
Start leading, start leading, start
Leading me on now, today
Start leading, start leading, start
Leading me on now, today

Start leading, start leading, start
Leading me on now, ahh
