(Aah, yeah)

Jump in the water

Sweet little princess
Let me introduce his frogness
You alone can get him singing
He's all puffed up, wanna be your king
Oh you can do it
C'mon [x6]
Lady kiss that frog

Splash, dash heard your call
Bring you back your golden ball
He's gonna dive down in the deep end
He's gonna be just like your best friend
So what's one little kiss
One tiny little touch
Aah, he's wanting it so much
I swear that this is royal blood
Running through my skin
Oh can you see the state I'm in
Kiss it better, Kiss it better
(Kiss that frog)

Get it into your royal head
He's living with you, he sleeps in your bed
Can't you hear beyond the croaking
Don't you know that I'm not joking
Aah, you think you won't

I think you will
Don't you know that this tongue can kill
C'mon [x6]
Lady kiss that frog

Let him sit beside you
Eat right off your plate
You don't have to be afraid
There's nothing here to hate
Ah, princess you might like it
If you lower your defence

Kiss that frog, and you will
Get your prince [x2]
(Huh!)

Jump in the water, c'mon baby jump in with me
Jump in the water, c'mon baby get wet with me
Jump in the water, c'mon baby jump in with me
Jump in the water, c'mon baby get wet (get wet, get
wet)

Kiss that frog, lady kiss that frog [x4]

Jump in the water, c'mon baby jump in with me [x3]
Jump in the water, c'mon baby get wet
(get wet, get wet) [x6]
