Caught in the chaos in the market square  
I don't know what, I don't know why, but something's  
wrong down there  
Their bodies twistin' and turnin' in a thousand ways  
The eyes all rollin' round and round into a distant gaze  
Ah, look at that crowd!

Some are jumping up in the air - say "We're drowning  
in a torrent of blood!"  
Others going down on their knees, seen a saviour  
coming out of the mud  
Oh Mother! It's eating out my soul  
Destroying law and order, I'm gonna lose control

What can I do to stop this plague, spread by sight alone  
Just a glimpse and then a quiver, then they shiver to  
the bone  
Ah, look at them go!

Bunderschaft, you are going daft? Better seal off the  
castle grounds  
"This is Moribund, the Burgermeister, I'm gonna keep  
this monster down,

Somebody sent the subversive element; going to chase  
it out of down."  
No-one will tell what all this is about  
But I will find out.  
(I will find out. I will find out.)

This thing's really outrageous, I tell you on the level  
It's really so contagious must be the work of the devil  
You better go now, pick up the pipers, tell them to play  
Seems the music keeps them quiet, there is no other  
way.  
Ah, close the doors!

"We've tried potions and waxen dolls, but none of us  
could find any cures,"  
Mother please, is it just a disease, that has them  
breaking all my laws,  
Check if you can disconnect the effect and I'll go after

the cause  
No-one will tell what this is all about  
But I will find out  
I will.
