Whole thing will still go on without you  
Something will still be there to move me  
Coz my own thing is always to inspire you

One that I love I dream beside  
One that I love I dream beside  
One that I love is close as I can get  
The one that I love I dream beside  
One that I love I dream beside  
Sometimes I can't remember  
Sometimes I can't forget

Thole thing will still come down without you  
It's nothing to do with all of you  
But my own thing is only to protect you  
One that I love I dream beside  
One that I love I dream beside  
One that I love is close as I can get  
One that I love I dream beside  
One that I love I dream beside  
Sometimes I can't remember  
Sometimes I can't forget

Each night in bed my dreams take me over

Whole world still goes round without you (over and  
over)
