Let's keep on love forever
Don't go away
It's only when I'm waiting
Makes me feel this way

Something is happening to me
It's you un show
You're all I have the one thing
And so much more
Won't you hold me
Like the way it's used to be
Tell me, talk to me
Your life for hurry history

I found that special lover
One of a kind
I can't ignore the feeling
Time after time
Won't you hold me
Like the way it's used to be
Tell me, talk to me
Your life for hurry history
