\* hidden bonus track; written by Royce for Dr. Dre

[Chorus: Royce Da 5'9"]

I might make it look easy, that's just the way I be pimpin  
Makin my money, that's just the way I be pimpin  
They wouldn't leave me, that's just the way I be pimpin  
You might not believe me, that's just the way I be  
pimpin

[Dr. Dre]

I'm livin a motion picture, me and my niggaz  
In sixteen bars we'll make the big screen ours  
What is this? Everybody's jiggy now, is the hustle that  
good  
in everybody's city now, or do they act good?  
I pimp on the street, I pimp in my sleep  
And when I snore it sounds like I'm sayin, "Where's my  
money?"  
I ain't playin, I'm out there like, "Where's my honeys?"  
You gotta be a pimp to understand just how I'm layin  
Fuck a Lex bubble; I'm rich, and after this  
I'ma be rich all over again, except double  
See you ain't so hard; if you ain't burnin rubber  
in somethin with numbers after the dot, you ain't no  
star  
Me and my whole crew, done either shot a nigga or  
been shot  
And if you check us out, ain't no scars  
Hint - steppin to me is suicide  
And that basically means that you could die, true  
superfly

[Chorus]

[Dr. Dre]

My life's in the fast lane, that's when I knew I had game  
Class came, I had hoes but didn't know they last name  
In school, when you niggaz was tradin clothes  
Me and my niggaz was tradin hoes like what they fadin  
fo'  
Carry my books you hoe, I had 'em slavin yo

I get skulled then I played the hoe like, "Way to go"  
Patrollin the halls holdin a black mac-11  
Under the black leather, platforms, a hat with a feather  
I was so naughty, drivin a gold Audi  
All we did was throw parties and show up, with Gold  
Gotti  
Handsome, and some, I'm the one you ran from  
Cause you could only be the man in the shit that I was  
banned from  
Make this shit seem easy, fiends need me  
Make the most conceited chick in this bitch seem  
sleazy  
Pleased at what I'm doin  
And to all y'all pimp niggaz, pimp on, and I'll see y'all at  
the reunion

[Chorus]
