This dizzy angle  
The sickener's seed  
Desire deraign  
Blue devils in need

Addiction bomb  
Takes over inside  
Twisting my mind  
Looks like I'm falling  
Out of focus  
Wanting pith  
Higher locus  
Bowers of bliss  
this skin

The ride takes me so high  
I'm never coming down  
I saw the flood of angels  
Amend the shredded shroud

Addiction bomb  
Takes over inside  
Twisting my mind  
Looks like I'm falling  
Out of focus  
Wanting pith  
Higher locus  
Bowers of bliss  
this skin

Burn-out shows he's devoid of control  
Found fettled up into your null

Out of focus  
Wanting pith  
Higher locus  
Bowers of bliss  
this skin
