It's so good to be here
So can you put on your pretty face?
Sleeping off sleep with a brain in to where
Where I might achieve a drunken disgrace

So I mean it
And the next day you're hit right in the face
Knock me out into this beautiful place

Well it's so good
To breathe in your morning air
And it's so nice
To drink down your night

It's so good to believe it
And it's so real can you just feel it?
I am everywhere I ever wanna go
I am everywhere I ever wanna go

It's so good to be here
You think I'm gonna clean up the rest of this mess?
Seventeen years with all of our shit lying out on the
floor
It's about time I did.

So I mean it
And the next thing you're hit right in the face
Knock me out into this beautiful place

Well it's so good
To breathe in your morning air
And it's so nice
To drink down your night

It's so good to believe it
And it's so real can you just feel it?
I am everywhere I ever wanna go
You're the only one I ever wanna know

Well it's so good
To breathe in your morning air

And it's so nice
To drink down your night

It's so good to believe it
And it's so real can you just feel it?
I am everywhere I ever wanna go
I am everywhere I ever wanna go
I am everywhere I ever wanna go
I am everywhere I ever wanna go
