Waking up, zeroed in on medicine, am I waking up at
all today?

Seeing lights, feeling pain is my cure on ice?
I can walk but I will crawl there I will crawl there

Sitting straight, feeling faint an exhausted smile
screens my words
But I will hear them and here's a phrase that we all
know
But I can't make sense I don't know words but I will hear
them
I still hear them

Never ran away for the sake of scars tried not to move
But she was armed and shots were fired
Now a hole in the head of this wounded liar
Never had a drink that I didn't like got a taste of you
threw up all night
I got more sick with every sour second rate kiss
Everything I never would miss again

Waking up I'm zeroed in on medicine am I waking up at
all today?
I'm seeing lights, feeling pain is my cure on ice?
I can walk but I will crawl there, I will crawl there, yeah

Never ran away for the sake of scars tried not to move
But she was armed and shots were fired
Now there's a hole in the head of this wounded liar
Never had a drink that I didn't like got a taste of you
threw up all night
I got more sick with every sour second rate kiss
Everything I never would miss again

Now I don't know, now I don't know
I don't know who your boyfriend is
I don't know now I don't know
I don't know who your boyfriend is

I don't know, I don't know
I don't know who your boyfriend is
I don't know, I don't know

I don't know who your boyfriend is
I don't know
