Whatever happened to Wonderland?
Where'd Alice go? Oh
I took a night dream with knife in hand
And cut out to the next show back in her living hell

I wish to dwell, I long to be
In the blood and the guts
With the birds of prey and the stinging of bees
And bullets baby

Leaving nothing behind for good
This time the angels can keep this
I've got a demon in mind
She's standing behind my dark secret
Draculina

What ever happened to Wonderland?
No one really knows, no
Draculina had her teeth sinking deep in me
From the get to the go back in her living hell

I wish to dwell, I long to be
In the blood and the guts
With the birds of prey and the stinging of bees
And bullets baby

Leaving nothing behind for good
This time the angels can keep this
I've got a demon in mind
And she's standing behind my dark secret

Oh, Draculina leaving heaven behind for good
This time the angels can keep this
I've got a devil inside that has been exorcised
Now I'm bleeding for Draculina

Draculina, Draculina
Draculina, Draculina

I'm leaving heaven behind for good
This time the angels can keep this
I've got a demon in mind

And she's standing behind my dark secrets

Draculina leaving heaven behind for good
This time the angels can keep this
I've got a devil inside that has been exorcised
Now I'm bleeding for Draculina

Draculina, Draculina
Draculina, Draculina
