My, my what a mess we've made  
Of our pretty little heads these days  
It appears a heavy wind's  
Blown through here recently

Best wishes have been made for you  
You never had no say it's true  
You have to be the cutest  
Gravedigger I've ever seen

And all your lonely nights  
In the city of lights are much like  
All these crowded bars I so often find  
My stupid self stumbling through

My, my what a mess was made of my head  
When I heard what you'd been through that day  
It appears a violent storm's  
Passed through you recently

Letters meant to be sent have been torn  
The phone lies off the hook, on the floor  
All these, "I'm sorrys and I miss you's" are useless  
I fucked this one up long ago

And all your lonely nights  
In the city of lights are much like  
All these crowded bars I so often find  
My stupid self stumbling through

Fuck you aurora  
You took my only friend  
And although it's all my fault  
The blaming myself had to come to an end

So I say, ?Fuck you aurora  
You took my only friend  
You won't catch me behind the wheel  
Of a Chrysler ever again?

My, my what a mess we've made  
Of our precious little lives these days

It appears a big fucking tornado  
Has twisted us up recently

Best wishes have been made for you  
You never had no say it's true  
You have to be the cutest  
Gravedigger I've ever seen

And all your lonely nights  
In the city of lights are much like  
All these crowded bars I so often find  
My stupid self stumbling through

Fuck you aurora  
You took my only friend  
And although it's all my fault  
The blaming myself had to come to an end

So I say, ?Fuck you aurora  
You took my only friend  
You won't catch me behind the wheel  
Of a Chrysler ever again?
