It's been a long time since I've been close to you  
It's been a long time since I've been sad  
It's been a while since I've really spent time with you  
Wish I could take back the times that I had

The only thing that you ever really did for me  
Was make me oh so miserable  
And the hope that I never see your face again  
Is anything but questionable

I hope this is goodbye  
I hope this is goodbye

There was a time when I thought you were a friend to  
me  
I think those times I was probably just drunk  
And if they offered a test about being a good friend  
I'd put money down that you'd surely flunk

The only thing that you ever really took from me  
Were my records to sell them for dope  
Now all I have left is this heart in my chest  
And my happiness helping me cope

I hope this is goodbye

It's been a long time since I've been close to you  
It's been a long time since I've been sad  
It's been a while since I've really spent time with you  
Wish I could take back the times that I had

The only thing that you ever really did for me  
Was make me oh so miserable  
And the hope that I never see your face again  
Is anything but questionable

There was a time that I thought you were a friend to me  
I think those times I was probably just drunk  
And if they offered a test about being a good friend  
I'd put money down that you'd surely flunk

The only thing that you ever really took from me

Were my records to hawk them for dope  
Now all I have left is this heart in my chest  
Your dishonesty helping me cope

I hope this is goodbye  
(I hope this is goodbye)  
I hope this is goodbye  
(I hope that this is goodbye)
