I guess I'll always stop and see you  
And we'll run into each other's lives  
Yeah, I guess, although it tears me up inside

Every time it burns my eyes with tears  
But I know you're worth the pain  
I've so much more to gain by waiting for you

You're going away but you're not going far  
So if he decides to leave you alone  
And crying, you know I'm still here, the faithful one

Waiting for a message from Kathlene  
Then I'll come faster than I ever thought, that I could  
run  
'Cause I, I need you more than I ever thought  
That I could need someone, someone, someone,  
someone else

I know I will always stop and see you  
And we'll run into each other's fucked up lives  
Yeah, I guess, although it tears me up inside

Every time it burns my eyes with tears  
But your waking up is the start of my lost cause  
And then you decide to leave me alone  
And crying, but you know I'm still here, the faithful one

Waiting for a message from Kathlene  
Then I'll come faster than I ever thought that I could run  
'Cause I, I need you more than I ever thought  
That I could need someone, someone, someone,  
someone else
