And it came,
Just like the rising sun,
The shame of everything I've done,
And the pain blew in just like a storm,
And now it rains.
And will forever more.

What's a boy to do?
I have nobody but you.
My heart is sad but true.
The Midnight Blue.

And you died,
Out there in the sun.
The dead rose.
From the ceiling it hung.
And you cried, you cried out your fucking eyes
Before you sang me happy birthday one last time.

What's a girl to do?
I have nobody but you.
Your heart is sad but true.
The Midnight Blue.
The Midnight Blue
The Midnight Blue.
The Midnight Blue.

I keep a photograph in drawer
Since the day you left me at the door
And now there's nothing left of you and me.
I'm a total wreck,
I'm smoldering

What's a boy to do?
I have nobody but you.
And our hearts are sad but true.
The Midnight Blue.
The Midnight Blue.
The Midnight Blue.
The Midnight Blue.

And now our hearts are midnight blue.
