You're on your own my little nightmare, you cannot stay here

It's far too bright for you

If they attack you just lay there

Play dead dear, it's your only hope of pulling through

And seconds they seem like a lifetime

A dream, recurring, a dream that can't come true

And they'll pin it all on you

After all you've been put through

Sadie G. she's crazy, see

That's what the white coats say

Now Ms. Susan A. you're losing

Every opportunity to put us all away

Now run along my little nightmare, your job is done here

You've scared them all to death

If they revive them just sit there

Just smile dear, make them thankful for every breath

The sentence may seem like a lifetime

A scream that's curdling, the blood they found on you

And your knives and clothing too

Charlie's broken .22

Sadie G. she's crazy, see

That's what the white coats say

Now Ms. Susan A. you're losing

Every opportunity

Well they found you and they shipped you up the river
The same way that you've bound and gaged, you've
shot and stabbed

You tried to set them free but they've thrown away the
keys

You represented a God to me that was so beautiful

That I'd do anything for Him, I'd do anything for God

Even murder, if I believed it was right

How could it not be right if it is done with love? Because

He said it was
I have no remorse for doing what was right to me, I
have no guilt in me
