Over and out of it for one more plane ride out  
Not sure, and never was if this will all head south, or  
what  
Wait here a month or two will pass, I'm sure I won't  
Faith dear, enough to get you by until we're home

I wish, I don't wish I still smoked  
I wish, I wrote you one original note

Take me home, tuck me in  
Moon go down, do it again  
take me home, tuck me in

Moon go down, do it again

Over and out of it for one more plane ride out  
Not sure, and never was if this will all head south

I wish, I don't wish I still smoked  
I wish, I wrote you one original note

Take me home, tuck me in  
Moon go down, do it again  
take me home, tuck me in  
Moon go down, do it again
