Soon ends our stay here and it's been fun
So, tonight I'll raise my glass to us
'Cause we've talked so much
I think, we filled this ashtray twice
And I'm pretty sure we emptied
Every bottle in the place

So, let's walk home, let's be afraid
I wanna grab you by the arms
And kiss you so hard
Let's do it right under the streetlight
I want it now, somehow I forgot how

Way to go, way to go
Forgot you've got so far to go
Way to go, way to go
Forgot you've got so far to go

I heard everybody's voice
Cut out when you spoke
And I watched all the lights go dim
When your eyes opened

Well, I can't believe you showed up
What do I do now?
It's last call, time to go
But before we say goodnight

Let's walk home, let's be afraid
I wanna grab you by the arms
And kiss you so hard
Let's do it right, under the streetlight
I want it now, somehow I forgot how

Way to go, way to go
Forgot you've got so far to go
Way to go, way to go
Forgot you've got so far to go

Forgot you've got so far
You've got so far to go
Forgot you've got so far

You've got so far to go

Forgot you've got so far

You've got so far to go

Forgot you've got so far

You've got so far to go
