You think you got me figured out  
You think you know what I'm about  
Don't believe what you read  
Half of the things you see  
Thought you'd figure this out by now  
(And who would have thought)

That our lives would be so exposed  
Where we end up really nobody knows  
What do we know  
What do we know

Chorus  
Behind Closed Doors  
You can't imagine  
Behind Closed Doors  
Is where it happens  
Behind Closed Doors  
That's where the truth is  
That's where the lie is  
That's where I'm hiding

Behind Closed Doors  
(Behind Closed Doors) x3

There's a man who lives in the street  
Trying to find his way  
In the night light  
He figured he found the best way to escape  
His addiction cost him everything  
(Everything, everything)

Guess he thought it'd help him hide the pain  
(Who Would Have Known)  
Had a wife two kids and a three story home  
Got all these things but he's still alone  
What do you know  
What do we know

Behind Closed Doors  
(Behind Closed Doors) x3

That's where the truth is  
That's where the lie is

Where we try and we try  
And we hide  
And noone hears you cry  
Deep inside all you hold is the truth  
Play you mind through the lies  
Keep your eyes on the prize  
In the end all you have is you

Behind Closed Doors  
Behind Closed Doors

Chrous  
Behind Closed Doors  
You can't imagine (You Never Know)  
Behind Closed Doors  
Is where it happens (Nobody Knows)  
Behind Closed Doors  
That's where the truth is  
That's where the lie is  
That's where I'm hiding

Behind Closed Doors  
(Behind Closed Doors) x3
