"No Invitation"

Heard there's a party in the town, so I've got me beer
and Merrydown.

Got me bottles and me cans, gotta get in if I can.

No invitation, but it don't stop me,
No invitation, gatecrash yer party,
No invitation, but it don't stop me.

Though I don't know no-one here, i'll still take yer food
and drugs and beer.
And as I don't live here I don't care, if I start to throw-up
everywhere.

Gonna screw a bird in yer bog, gonna be sick as a dog.
Gonna crash out in yer bed 'cos I'm gonna be pissed
outta me head.
