There's something 'bout you that I can't explain
It's playing on my mind. I'm going insane
As far as i'm concerned, you've got it going on

I need somebody who will ease my mind
I know your touch is there for me to find
In case you're wondering why
I've been waiting so long

I, I'll tell you what i'm thinking about

[Chorus:]
I'd like to show you something
That's if you don't mind
And all you need to sacrifice is a bit of time
There's so much we can talk about
More that we can do
I gotta let you know... This ones from me to you

One glance at you and that is all it takes
There's no one else that's gonna take your place
Don't leave me hanging on. I've been waiting for you

[Chorus:]
I'd like to show you something
That's if you don't mind
And all you need to sacrifice is a bit of time(is a bit of
your time)
There's so much we can talk about
More that we can do (well,well)
I gotta let you know... This ones from me to you

All night, I know that you'll be satisfied
Anything you want's alright
I'll give you all that a man could give you
Everything you want and more

Now listern baby I wanna show you somethin'
I can give you everything you want and more
You'll never have to want for love. Just trust me. Alright

[Chorus: Repeat to Fade]

I'd like to show you something
That's if you don't mind
And all you need to sacrifice is a bit of time
There's so much we can talk about
More that we can do
I gotta let you know... This ones from me to you
